“Well begun, is half done”

The new Academic year 2022-2023 began on June 9th, 2022 with an intensive and thought-provoking session for the staff of St Aloysius English High School, conducted by Father Ashley Banga, a well-known inspirational speaker. All the teachers as well as the school staff assembled in the school auditorium.

The primary focus of the session was Changing Mindsets. Father emphasized the importance of passion and belief in teaching. Only a passionate teacher can unfold the gift of teaching effectively. The programme ended at 11 am with a speech by our Principal Sr. Prema Paskya, thanking Father Ashley Banga for his motivational and enlightening session.
